MICRO
CYLINDER

Micro Cylinder dabs elegance to minimalism. Lustrous anodized bezels revamp a modest shape into a dashing pendant. With lengths ranging from 12" to 36", Micro Cylinder lends itself to large-scale cascades without being obtrusive or overwhelming to a space. The light output is optimized according to the length of the cylinder allowing more lumen package options for various performance requirements. Regressed optics combined with bezels and a slender profile offer visual and aesthetic comfort.

MICRO CYLINDER

Clusters

MICRO CYLINDER CLUSTER

MICRO CYLINDER CLUSTER

A waterfall configuration creates a dangling centerpiece that adorns enticing spaces.

Configurations

MICRO CYLINDER CLUSTER

Available in three styles, **3, 5 and 7 cylinder clusters**;
each cluster will have the same length of cylinders.

Cylinder lengths can be mixed within a cluster to special order.

Micro Cylinder Cluster complements the cylindrical flow of spiral staircases.

Since 1941, we have held a passion for designing cutting-edge professional lighting that changes how spaces are illuminated while upholding the enduring principles of quality and craftsmanship.

Our objective is to work in lockstep with our clients by developing innovative products that meet their variegated design needs and comply with the latest energy and construction standards. Furthermore, our manufacturing infrastructure allows us to scale products and satisfy niche design requirements.

We use leading-edge wellness technologies including BIOS, Tunable White, and Dim to Warm; and employ open-source connectivity to intelligent control systems, including Power over Ethernet.

Our customer-centric approach to service and product design is the basis of our reputation and how we have become a key lighting supplier across the globe.
