WARP™

FIXTURE SIZE: 18" / 24"
FIXTURE CODE: WRPP / WHPP
TYPE: CN1

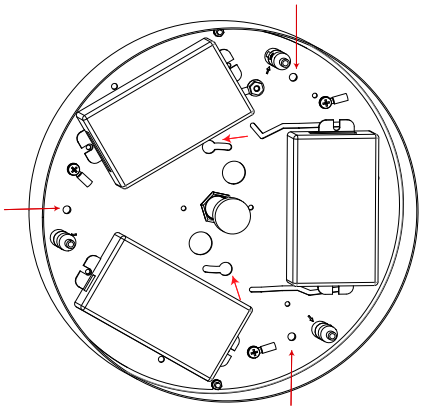

FIXTURE COMES PARTIALLY ASSEMBLED.

Ensure electrical circuit is disconnected before installation.

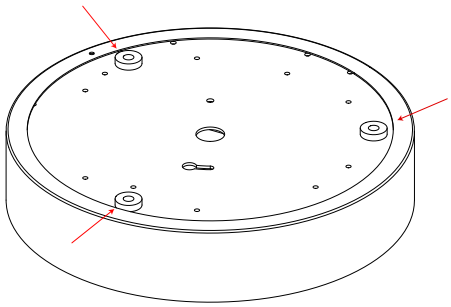

Luminaires must be installed in accordance with national electrical code and local regulation.

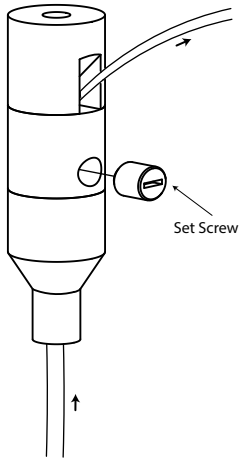

Installed Canopy

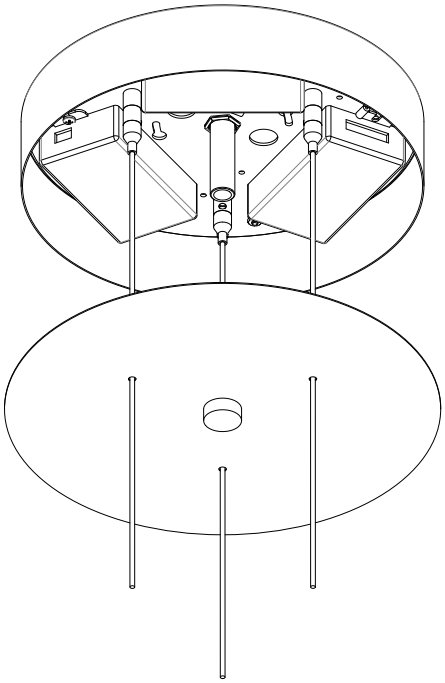

Fasten canopy on to J-box using holes shown above by short arrows and to ceiling with holes shown by long arrows

Top view of canopy with arrows pointing to ceiling mounting holes

Make fine adjustments to fixture height with glider.
Lock position with set screw after adjustments.

After all connections are done, install cover plate on to the canopy.
