BLOCK QUAD™ - SUSPENDED

BLOCK, while designed in the classic form, is a linear system like no other. It is unique in two magnitudes. Firstly on output, **BLOCK** surpasses the typical levels of output and efficacy. Secondly, **BLOCK** delivers on specification capabilities. Nearly every component has alternatives allowing designers to configure a luminaire designed precisely to the needs of the space - a bona fide architectural system. **BLOCK** is the go-to linear that adapts to a variety of performance needs and budgetary requirements. Use our new preconfigured quads to create and complement grid effects.
