MICRO CYLINDER 2.5™ - CEILING SURFACE

Micro Cylinder dabs elegance to minimalism. Lustrous anodized bezels revamp a modest shape into a dashing downlight. With lengths ranging from 12” to 36”, unique arrangements can be configured to create remarkable ceiling effects. The light output is optimized according to the length of the cylinder allowing more lumen package options for various performance requirements. Regressed optics combined with bezels and a slender profile offer visual and aesthetic comfort.
